Regional Rural Development Center Impacts-2019

The Regional Rural Development Centers work to advance rural prosperity and strengthen Rural America. Working collaboratively throughout 2019 with land-grant universities, Extension, community partners, and local, state and federal agencies, the Regional Rural Development Centers provided 76 workshops and conferences with over 1,200 participants, led 18 multi-state groups on a variety of topics from local foods and rural health to digital literacy and economic development, have published 24 research articles and delivered over 100 presentations.
